

DEE DEE

THE DEODORANT CAN

HI CHERUBS, I'M DEE DEE THE DEODORANT CAN.

Are you ready to learn about recycling and help me win this game?

If I get recycled I can be turned into something amazing - like a train. But you'll need to know a few facts to help me escape the rubbish bin.

Firstly, I'm made from a **MIX OF STEEL AND ALUMINIUM**. This is awesome because it means I can be recycled infinitely - which means forever, my loves.

Before I can be made into something else I need to be **EMPTIED BY SPRAYING EVERYTHING OUT**.

I can be **RECYCLED WITH OTHER ITEMS SUCH AS FOOD OR DRINK CANS**, by **MELTING US IN A FURNACE**.

If I'm not sent to the rubbish bin I can take an unbelievable **250 YEARS TO BREAK DOWN**. How crazy is that?

But the most exciting part is that **I CAN BECOME A DRINK OR FOOD CAN, OR EVEN PART OF A TRAIN!** That's so exciting, I'm obsessed.

SO, ARE YOU READY TO HELP ME?

FITZ

THE PERFUME BOTTLE

HELLO DARLINGS, IT'S ME, THE GLAMOROUS PERFUME BOTTLE YOU'VE BEEN WAITING FOR: FITZ.

Let's forget for a moment that my friends and I are in big trouble right now and think about how I might turn into something super cool, like a fancy glass for drinks.

What you need to know about me is that my **BODY IS MADE FROM GLASS AND MY TOP IS MOST LIKELY PLASTIC.**

One awesome detail about me is that I can be recycled forever, unlike those other common household items (well, except for Dee Dee the deodorant can, but let's not talk about that).

I also **NEVER BREAK DOWN**, so really, I'm invincible. It's my superpower.

I HAVE TO BE EMPTIED BY SPRAYING EVERYTHING OUT BEFORE I'M RECYCLED. I'm sent to the recycling facility alongside **GLASS BOTTLES AND JARS.**

When I get there, I'm **SORTED BY COLOUR AND SIZE, BROKEN INTO SMALL PIECES, AND MELTED DOWN.** The clear glass is the most valuable kind, just like me.

Eventually, I can become **OTHER GLASS ITEMS, LIKE A DRINK BOTTLE AND APPARENTLY TARMAC FOR ROADS** (though I don't want to believe that).

SO PLEASE DO YOUR TASK AND RESCUE ME FROM THE STENCH OF THE RUBBISH BIN - BEFORE IT'S TOO LATE.

HUBE

A TOILET ROLL TUBE

WELCOME, BEAUTIFUL HUMANS. I'M HUBE, A TOILET ROLL TUBE.

If you're listening, I'd like to tell you some facts about us household items and how we can be recycled. Especially because we're about to face a stinky end in the rubbish bin.

Now, I may seem like a simple item BUTT (ho-ho) I'm made from one of the most recycling-friendly materials: **CARDBOARD**.

It takes me **WEEKS TO BREAK DOWN** and disappear on my own so please don't just chuck me in the bin.

But I can't be recycled forever, like aluminium or glass can be.

That's why it's so important to put me in the recycling bin **ALONGSIDE OTHER PAPER MATERIALS AND CARDBOARD**.

You don't have to do much, **JUST PUT ME IN THE RECYCLING AS I AM**. It's as simple as that.

Now here comes the fun bit. To be recycled I'm **WHIZZED UP WITH WATER TO MAKE A GOOEY PULP** that can be turned into other things.

Other things like more **TOILET ROLL TUBES, EGG BOXES AND CARDBOARD** for your rocketship projects!

SO, BE A TRUE FRIEND AND SAVE ME FROM THE RUBBISH BIN, WILL YOU?

REY

THE TRIGGER SPRAY

IT'S ME, REY, I'M JUST AN OLD TRIGGER SPRAY BOTTLE.

I'm a bit scared to speak in case I get sent to the rubbish bin. But would you mind if I shed some light on recycling for you? It makes me nervous but I think I might remember some facts that will help you with your game, especially as my life depends on it.

Let me see, I'm not too good at these things but...

What am I made from? **PLASTIC**. That's right.

How am I recycled? Once I'm **EMPTY - BY SPRAYING EVERYTHING OUT** - they **SHRED ME AND MELT ME**, which doesn't sound too fun to me. My friend Yogi says it doesn't hurt, though.

If I'm not recycled, I can take up to **400 YEARS TO BREAK DOWN** depending on where I am, such as if I'm in the ground.

I like to be recycled with other items, even though I'm a bit shy. I can **SHARE THE RECYCLING BIN WITH YOGHURT POTS, DRINK BOTTLES AND FOOD TRAYS**.

And then I'm made into new things, like **WATERING CANS, BUCKETS (FOR YOUR SEASIDE ADVENTURES MAYBE?), RAINCOATS, CLOTHES, AND FOOD TRAYS**.

What do I like most? You, and the Games Leader, because I know you'll be a hero and save innocent bottles like me from the rubbish bin.

CAN YOU DO THAT?

YOGI

THE YOGHURT POT

I'M A LITTLE YOGURT POT NAMED YOGI AND I WANT YOU TO KNOW THAT I DON'T BELONG IN THE BIN.

So nice to see you're here to learn about recycling.

I'm SO scared of the rubbish bin I can't even explain. Me and my friends will try anything to avoid ending up in there and yet people still get it wrong.

Do you want to know some facts about me? It'll help you with your game. Oh good!

I'M MADE FROM PLASTIC. If you **RINSE ME OUT AND REMOVE MY LID** I can be recycled into other things.

I can be recycled alongside my cousins: **FOOD TRAYS, DRINKS BOTTLES OR SPRAY BOTTLES**. Have you met Rey the spray bottle yet?

Do you know how they do it? They **SHRED ME UP AND MELT ME DOWN**. Don't worry, it doesn't hurt.

If I'm not recycled I can take up to **400 YEARS TO BREAK DOWN**, which sounds like a really, really long time to me.

Many of my little yoghurt pot friends have gone on to become **WATERING CANS, FOOD TRAYS, WATER BOTTLES, TOYS OR EVEN CLOTHES**. See, I can be so much more.

CAN YOU SAVE ME FROM THAT SCARY PLACE?
