

RESCUE LOG

HOW TO USE YOUR RESCUE LOG:

With an adult, hunt around the house for our characters – see if you can find Yogi, Rey, Dee Dee, Hube and Fitz. Can you think of some ways to remind everyone to not put them in the rubbish bin when they are finished and recycle them instead?

If you need to, you can ask an adult to help you check how to recycle these items where you live using the Recycle Now locator tool – <https://www.recyclenow.com/recycling-locator>

Every time you recycle a character, add a tick to the rescue log below. This will help you keep track of how many items you've rescued.
